In the following example, the applicant qualifies for a First Mortgage Loan Amount of \$400,000. They were awarded \$215,000 in assistance to help them purchase a \$600,000 home. This assistance is enough to cover the down payment and closing costs, so that the required contribution from the homebuyer is zero.

# ReCoverCA Homebuyer Assistance Program

The ReCoverCA Homebuyer Assistance Program supports low- and moderate-income individuals and families in purchasing homes in California, specifically outside High or Very High Fire Severity Zones, by offering **up to \$350,000 in assistance**. This financial aid helps bridge the gap between what a household can afford in mortgage payments and the actual cost of buying a home. The assistance loan is **fully forgiven after five years\***, there is no first-time homebuyer requirement, and perfect credit is not necessary to qualify.

*Applications from those impacted by the 2017 Wildfires will be open March 17, 2025.*

## Homebuyer Assistance

For Households impacted by 2017 California Wildfires

up to **\$350,000**

## Is the Assistance Forgiven?

The homebuyer assistance is provided in the form of a Second Mortgage Loan. It is fully forgiven after the homebuyer maintains ownership in AND occupies the property for five years.

## How Much Assistance Can I Qualify For?

ReCoverCA HBA Lenders will help applicants determine their eligible assistance under the Program. The amount of the assistance is based on the difference between the applicant's qualifying First Mortgage Loan (not to exceed 45% DTI) and the lower of the purchase price or appraised value of the home being purchased.

The homebuyer assistance amount may be reduced by any unused housing assistance from other sources and by any applicant cash reserves that exceed \$100,000. The maximum assistance amount is \$350,000 per household.
